MOHAMED MOSTAFA ABDELKADER

FRONTEND DEVELOPER

Dubai, UAE | dev.xmuhameed@gmail.com | +971 505 93 4245 | Linkedin

Frontend Developer with 2+ years of experience building scalable, user-centric web applications across corporate, startup, and freelance environments. Expertise in modern JavaScript frameworks (React, Next.js) and a strong focus on performance optimization, responsive UI/UX design, and real-time data integration. Proven ability to deliver end-to-end solutions that enhance operational efficiency and user engagement in agile settings.

PROFESSIONAL EXPERIENCE

Frontend Developer, Global Lean Industry (GLI) – GrwanGroup (Remotly) - UAE   **2025 - Present**

- Engineered and maintained a suite of enterprise-level operational applications using React.js and Next.js, serving 10+ cross-functional teams with real-time data dashboards, improving decision-making speed by 30%.
- Architected responsive and performance-optimized user interfaces, reducing load times by 25% through code-splitting and efficient state management with TypeScript.
- Enhanced UI/UX by implementing modern design standards with Tailwind CSS, leading to a 15% increase in user satisfaction scores.

Frontend Developer, Rasid (Hyprid) - Egypt   **2023 - 2025**

- Developed a comprehensive facility management operations platform featuring real-time reporting, SOS, HR, and attendance tracking modules, serving over 5,000 active users.
- Built a customizable card builder feature, allowing users to tailor UI components (shape, size, colors), which improved client configuration efficiency by 40%.
- Integrated real-time 3D facility monitoring using Three.js, providing live operational visibility and reducing incident response time.
- Optimized application performance and SEO, resulting in a 20% increase in organic platform traffic and user acquisition.

Full Stack Developer, Mark & Success (Remotly) - Egypt   **2024 - 2025**

- Developed full-stack features for client projects, building RESTful APIs with Node.js (Express, Nest) and Prisma ORM and integrating them with React-based frontends.
- Contributed to scalable application architecture, improving system reliability and backend response times by 15%.

EDUCATION

Bachelor's Degree in Accounting   **2020 - 2024**
Cairo University

- Focus on financial management, auditing, and corporate reporting
- Developed efficient, logic-driven software solutions by applying systematic data analysis and process evaluation techniques.

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Next.js, Node.js, Express.js, NestJS
- **Styling:** Tailwind CSS, CSS-in-JS, Responsive Design
- **Tools & Technologies:** Git, Three.js, Leaflet (OSM), Prisma, REST APIs, Figma
- **Methodologies:** Agile/Scrum, CI/CD, Performance Optimization, SEO

ADDITIONAL INFORMATION

- **Age:** 25 years old
- **Languages:** English, Arabic
- **Certifications:** Frontend Developer Bootcamp, Node.js, Express, MongoDB Bootcamp by Jonas Schmedtmann, NestJS Zero to Hero by Ariel Weinberger
