MOHAMED MOSTAFA ABDELKADER

FULLSTACK DEVELOPER
+971505934245 | dev.xmuhameed@gmail.com | linkedin.com/in/xmuhameed | xmuhameed.com | Dubai, UAE

CAREER SUMMARY

Full Stack Developer with 4+ years of experience building scalable enterprise, event management, and e-commerce applications using ReactJS, NextJS, NodeJS, NestJS, TypeScript, Prisma ORM, PostgreSQL, and MySQL. Experienced in developing high-performance web applications, REST APIs, payment integrations, and modern admin dashboards while collaborating with cross-functional teams in Agile environments.

CAREER HIGHLIGHTS

- Delivered **20+** production web applications across enterprise, event management, facility management, and e-commerce.
- Built and maintained platforms serving **100,000+ users** with scalable React, NextJS, NodeJS, and NestJS architectures.
- Developed **Dia flower** and **Luvi Flowers** e-commerce platforms with **Stripe**, **Tabby**, and marketing analytics integrations.
- Engineered enterprise applications for **Forever Events**, **Red Events**, **Rasid**, and **GLI**, improving operational efficiency and user experience.
- Optimized application performance and SEO, reducing load times by up to **25%** and increasing organic traffic by **20%.**
- Designed dynamic admin dashboards enabling non-technical teams to manage products, orders, inventory, and website content independently.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend: ReactJS, NextJS, Tailwind CSS, Bootstrap, Redux Toolkit, Zustand, Three.js
Backend: NodeJS, NestJS, Express.js, REST APIs, Prisma ORM, JWT Authentication
Databases: PostgreSQL, MySQL, MongoDB
Tools: Git, GitHub, Postman, Figma, Stripe, Tabby, Google Analytics, Meta Pixel

WORK EXPERIENCE

Full Stack Developer | Dia Flower Group (Hybrid- Dubai, UAE) 2025- Present
- Built Dia Flower and Luvi Flowers e-commerce platforms using NextJS, NestJS, ReactJS, and PostgreSQL using Prisma.
- Developed a dynamic admin dashboard for products, orders, inventory, and content management.
- Integrated Stripe, Tabby, and marketing tracking tools while optimizing SEO and application performance.

Full Stack Developer | Forever Group (Hybrid - Dubai, UAE) 2025- Present
- Developed enterprise applications for Forever Events and Red Events using ReactJS, NextJS, and NestJS.
- Built scalable APIs, authentication systems, and responsive user interfaces for business operations.
- Collaborated with distributed teams to deliver production-ready features.

Full Stack Developer | Global Dynamics (Remote - Iraq) 2025
- Developed scalable full-stack applications using ReactJS, NodeJS, NestJS, Prisma, and PostgreSQL.
- Built real-time dashboards and optimized backend performance for enterprise systems.

Frontend Developer | Global Lean Industry (GLI) – Grwan Group (Remote - UAE) 2025
- Developed enterprise applications with ReactJS, NextJS, and TypeScript.
- Improved application performance and created reusable UI components using Tailwind CSS.

Full Stack Developer | Mark & Success (Remote - Egypt) 2024 - 2025
- Built full-stack features using ReactJS, NodeJS, NestJS, Express.js, and Prisma ORM.
- Developed REST APIs and optimized backend performance.

Frontend Developer | Rasid (Hybrid – Cairo, Egypt) 2023 - 2025
- Developed enterprise-level apps with ReactJS/NextJS, serving 10+ teams.
- Built a facility management platform with real-time reporting, SOS, HR, and attendance tracking for 15,000+ users.
- Designed a UI customization card builder, improving configuration efficiency by 40%.
- Integrated 3D facility monitoring with Three.js, reducing incident response time.

EDUCATION

Bachelor's Degree in Accounting | Cairo University 2020 – 2024
